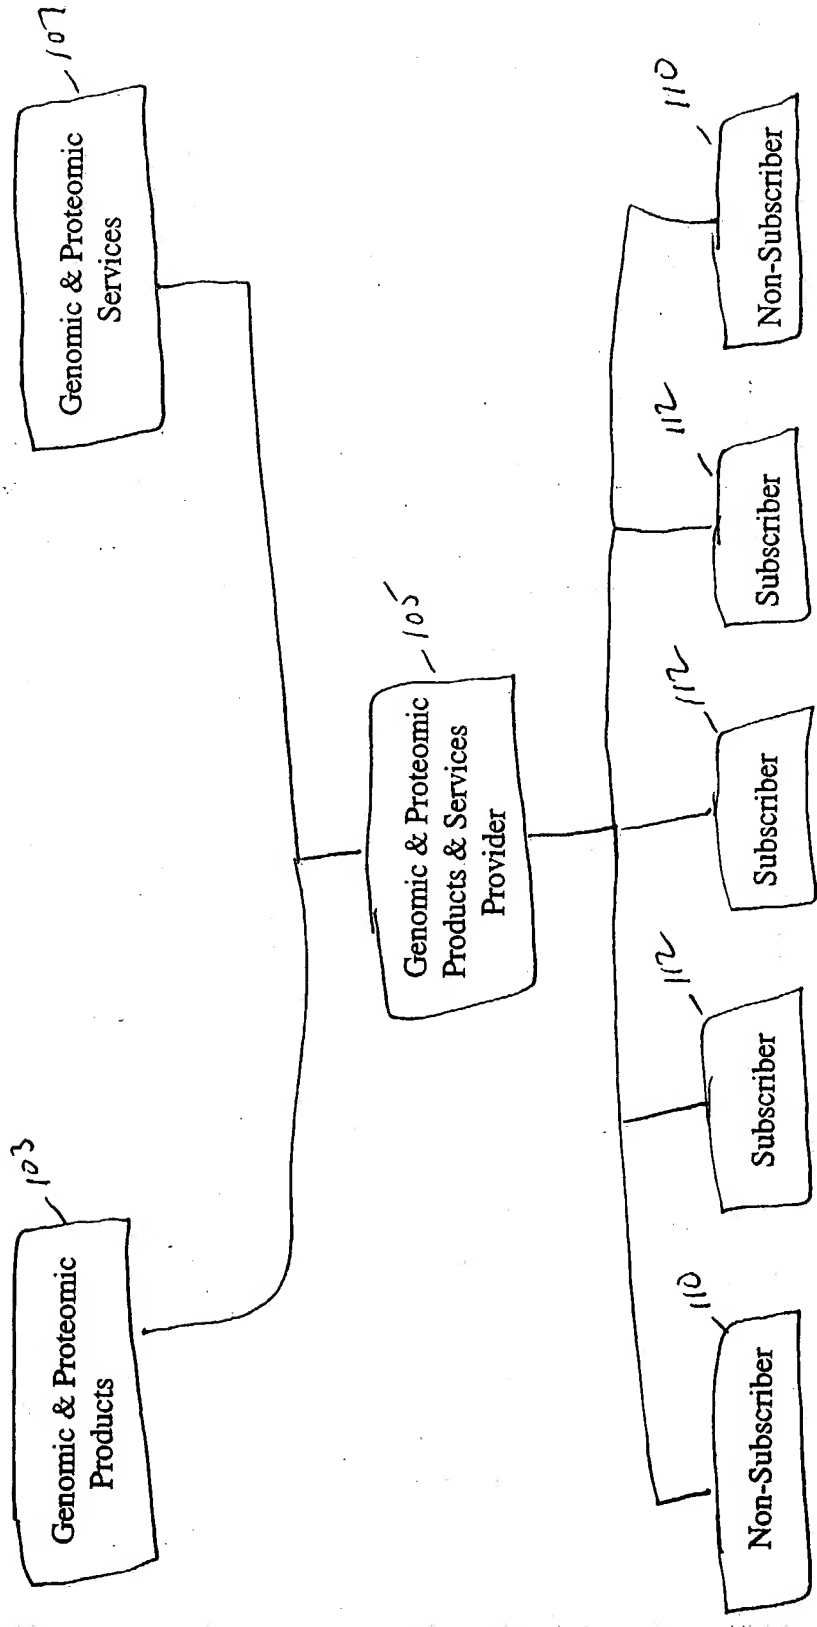

FIG. 1

EXEMPLARY SERVICES

Clone construction services
Protein expression services protein purification
Antibody production services
cDNA library construction services full-length cDNA library construction human mouse dog rat others normalized full-length cDNA library construction human mouse dog rat others normalization of standard cDNA library human mouse dog rat others
Research and Development consulting

FIG. 2B

EXEMPLARY PRODUCTS

Clone collections
Polypeptides
Antibodies
cDNA libraries
Kits

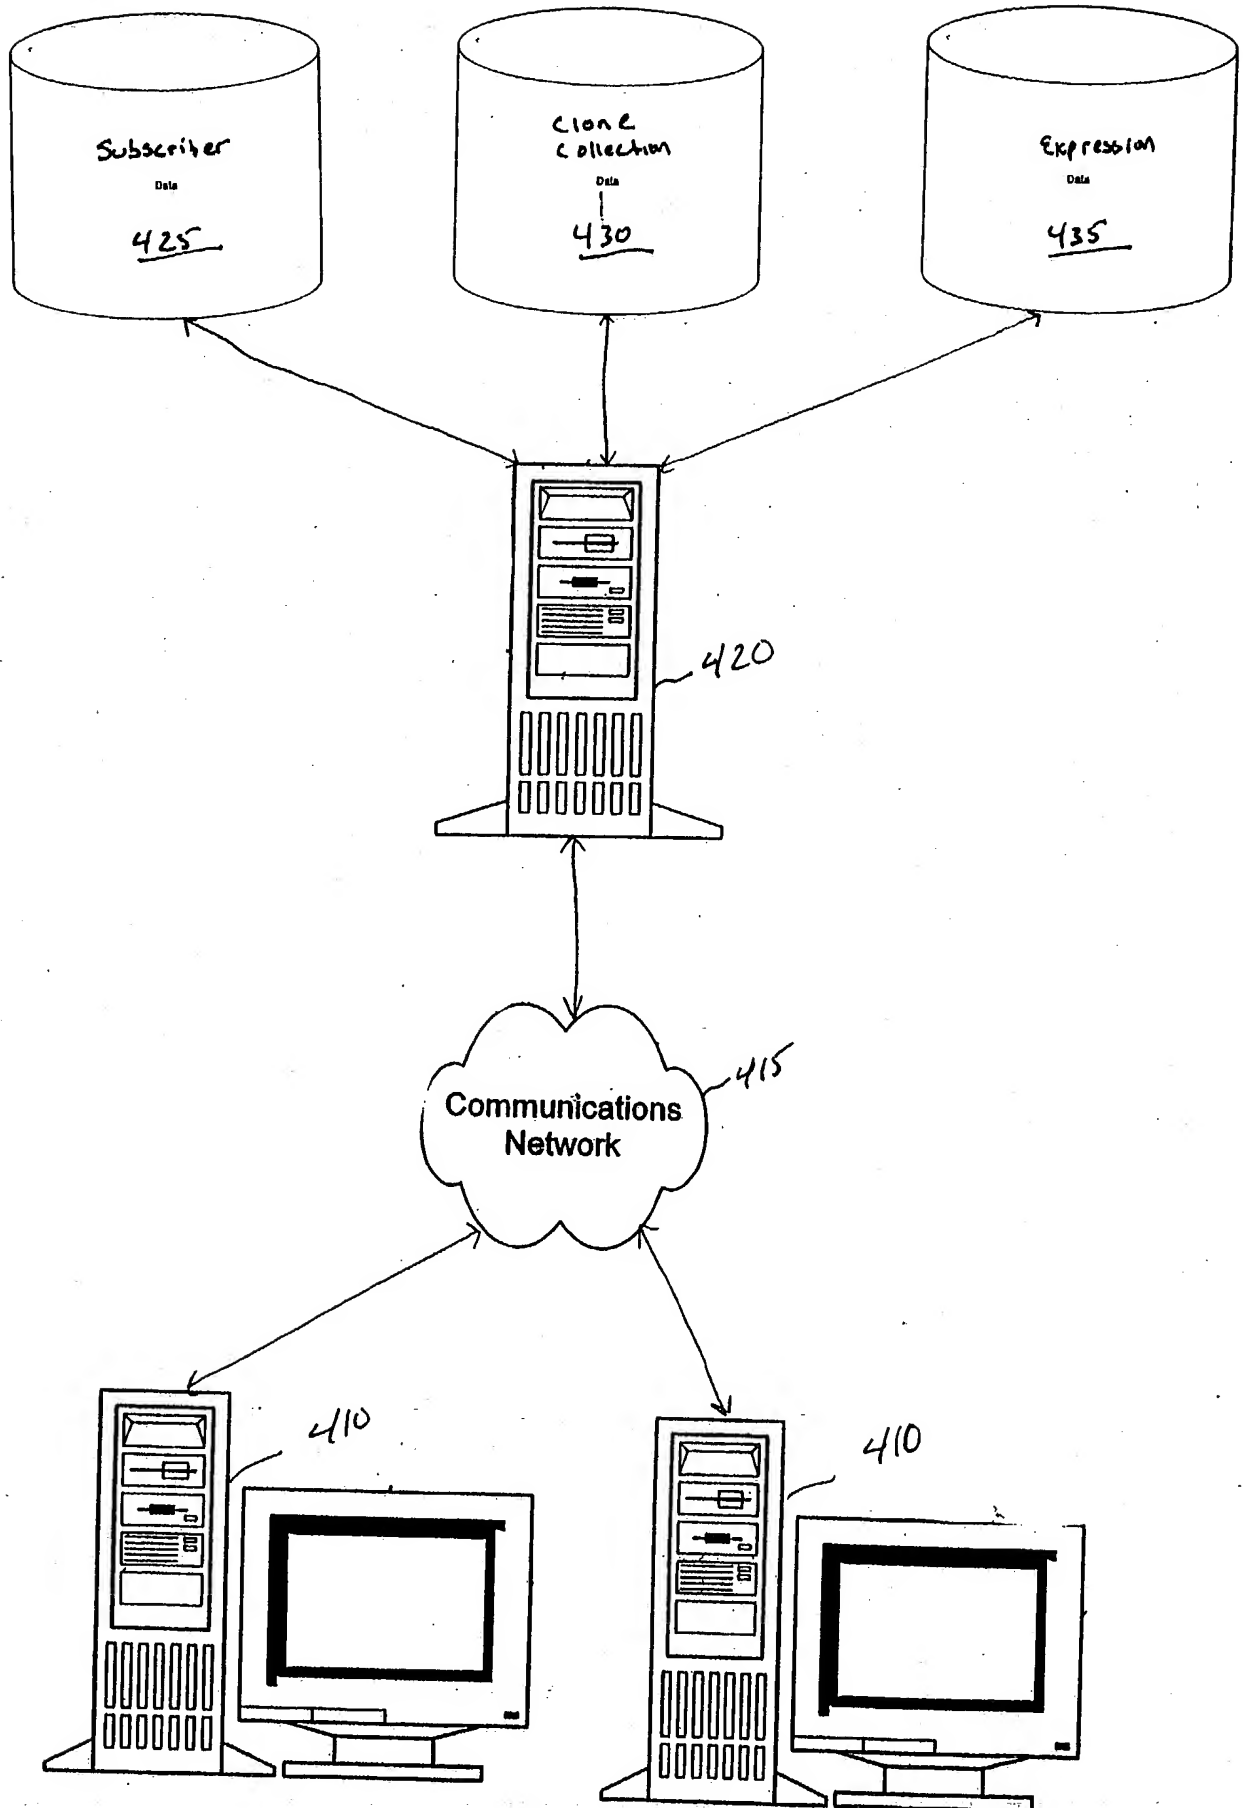

FIG. 2A

	Field Name	Description
205	Subscriber Identification Field	Subscriber Identification Number
210	Subscription Fee Field	Subscription fee payment
215	hORF clone Purchase Credit Field	Amount of funds credited for hORF clone purchase
220	hORF clone total order Field	Total number of hORF clones ordered
225	Subscriber Site Identification Field	Subscriber site identification number
